RUSHIL BARVE

Computer Science & Computational Mathematics · University of Waterloo

About Me

CS & Computational Mathematics student seeking a Winter/Spring co-op. I ship full-stack projects, lead teams and events, and communicate clearly under pressure.

Skills

LANGUAGES
Python, JavaScript, TypeScript, C, HTML, CSS
FRAMEWORKS
React, Vite, Tailwind CSS, Bootstrap, Zustand
TOOLS
Git, GitHub Actions, IndexedDB (Dexie), Sass, npm, Render

Achievements

- Gold Medal of Distinction, International Informatics Olympiad (2023-24); Bronze (2024-25)
- Gold Medal of Distinction, National Science Olympiad
- Six Best Delegate awards across 8+ national and international MUN conferences
- Basketball, CBSE Qatar Clusters: Gold (2025-26), Bronze (2023-24, 2024-25)

Certifications

- Python Essentials 2
- HTML Essentials
- Computer Hardware Basics
- Accenture Nordics – Software Engineering Job Simulation
- Bloomberg – Client Service Job Simulation

EDUCATION

University of Waterloo — Expected 2031
Computer Science (Co-op) · Computational Mathematics

Delhi Public School – Modern Indian School, Doha — Graduated 2026
CBSE Senior Secondary, Computer Science

PROJECTS

CircuitGuard — Python · FastAPI · React · Three.js
Winner, Ampere – AI for Motor Safety · FormulaTech Hacks 2026
- Real-time Formula 1 safety system: analyses live driver telemetry to detect crashes and stopped cars on the racing line and recommends the FIA response (safety car, VSC, red flag) under the 2026 sporting regulations.
- Models per-sector spectator risk with a Bayesian Monte Carlo insurance-pricing model, so premiums can reflect each track section instead of a blanket rate.

MUN Chair Toolkit — TypeScript · React · Vite · Tailwind · Zustand · Dexie
Local-first web app for Model UN chairs
- Committee-management app for Model UN chairs: committee and agenda setup, bulk delegation entry, and roll call with Present, Present and Voting, and Absent states.
- Automated quorum, simple-majority and two-thirds calculations, so chairs no longer count votes by hand.

Track Nector — Python · HTML · JSON · Render
Self-hosted personal finance tracker
- Lightweight tracker for card balances and daily spending built around manual entry, with no bank account linking.
- Chose self-hosting and manual input deliberately to keep financial data private.

Source code available **on request**.

LEADERSHIP & EXPERIENCE

Director of MUN & Electoral and Democratic Club — May 2025 – Jun 2026
DPS-Modern Indian School, Doha
- Led and managed the school's MUN program: organized conferences, trained delegates, promoted diplomacy and public speaking.

Head of Marketing, TEDxYouth@DPSMIS — Sep – Dec 2025
- Led branding, social media and promotion for a TEDx-licensed youth event, working across curation, design, operations and technical teams.

Head of Operations, DPSDQ MUN — Jun – Oct 2025
- Ran logistics and delegate services for the 25th-anniversary edition, coordinating with the Secretariat.

Team Leader, Qatar Children's Science Congress — Dec 2024 – Mar 2025
- Led an original student research project from experimental design to data analysis and expert-panel presentation.

Co-Founder, HuAr (Humanities.Arts) — Feb 2024 – Mar 2025
- Co-founded a student organization guiding students on humanities and arts paths; organized conferences and speaker sessions.

Head of Outreach & Logistics, Q-SOMA — Jun 2025 – Jun 2026
Qatar Society of Medical Aspirants
- Led outreach and logistics and supported event management for the society.

MUN Trainer & Head Chair — May 2024 – May 2026
DPS-MIS · Catalyst MUN · Global MUN Network
- Trained delegates in research, procedure and resolution drafting; Head Chair of Historical Security Council (Catalyst MUN) and WHO (Global MUN Network).

WATERLOO TEAMS

WARG — Waterloo Aerial Robotics Group — 2026
Autonomy team · Embedded Flight Software team

UW Orbital · UW Game Dev — 2026
Student satellite design team · built beginner-level games

Member: Computer Science Club, UW Data Science Club
